

# **PHEP #1 Community Preparedness: Functions #2, #3, and #4**

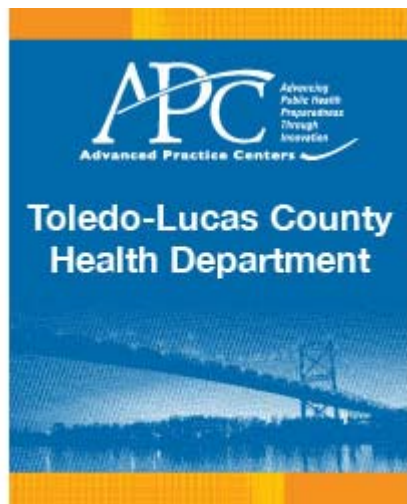

**Rachel Abbey, MPH  
Montgomery, County, MD APC**

# Community Preparedness

- Function #2: Build community partnerships to support health preparedness

# The Pandemic Readiness and Response Toolkit

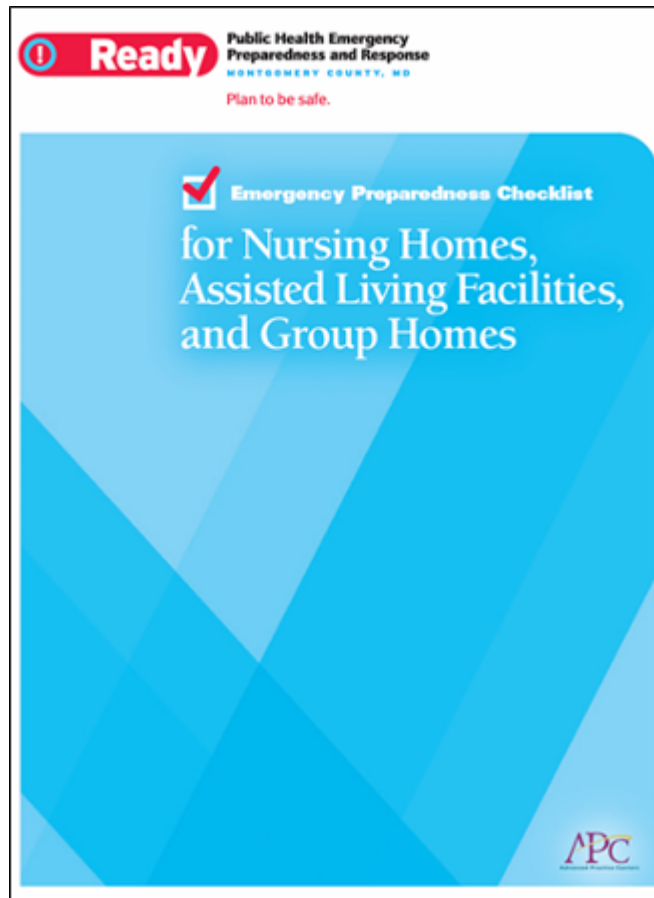

1. Provides sample plans for Urban, Suburban, and Rural jurisdictions by utilizing the **Transitional Medical Model (TMM)**
2. Allows you to work with your community partners to create coordinated actions/responses- broken out by levels and triggers.
3. Includes a table top exercise: including training, situation manual, and evaluation manual
4. Includes a functional exercise: including training, situation manual, and evaluation manual

# The Pandemic Readiness and Response Toolkit

Task 2: Create and implement strategies for ongoing engagement with community partners who may be able to provide services to mitigate identified public health threats or incidents

- The TMM allows your jurisdiction to collaborate with your community partners in developing a plan for Pandemics.
- This same framework can also be utilized for other identified public health threats or incidents.

# EP Checklist for Nursing Homes, Assisted Living Facilities and Group Homes

- Used in conjunction with a basic emergency preparedness workshop
- Easy to use checklist format
- Ensure a well prepared health care facility

# EP Checklist for Nursing Homes, Assisted Living Facilities and Group Homes

Task 2: Create and implement strategies for ongoing engagement with community partners who may be able to provide services to mitigate identified public health threats or incidents

Addresses resource element P5 & P6.

- Engages facilities in emergency preparedness.
- Assists in facilities development of an emergency plan.
- Assesses needs and continues to measure progress.

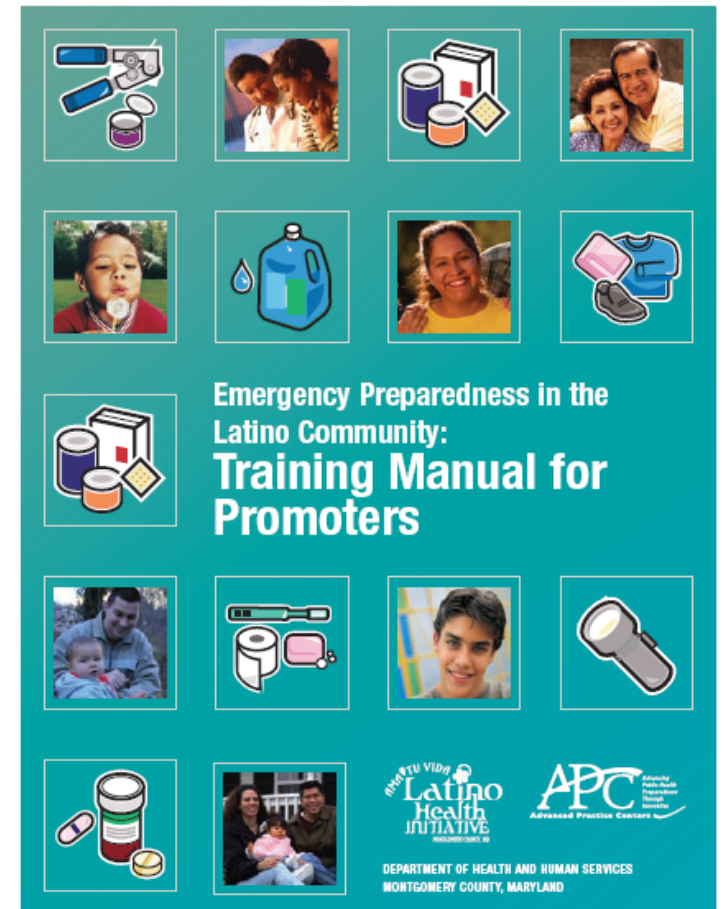

# Community Preparedness

- Function #3: Engage with community organizations to foster public health, medical, and mental/behavioral health social networks

# EP Training Manual for Promotoras

- Purpose: To train *promotoras de salud* in Public Health Emergency Preparedness
- 3-Day training
- Includes *Plan to Be Safe* tools
- Includes Curriculum on Pandemic Flu

# EP Training Manual for Promotoras

Addresses the three tasks of function 2 in Community Preparedness

Addresses Resource Element P1 and P2

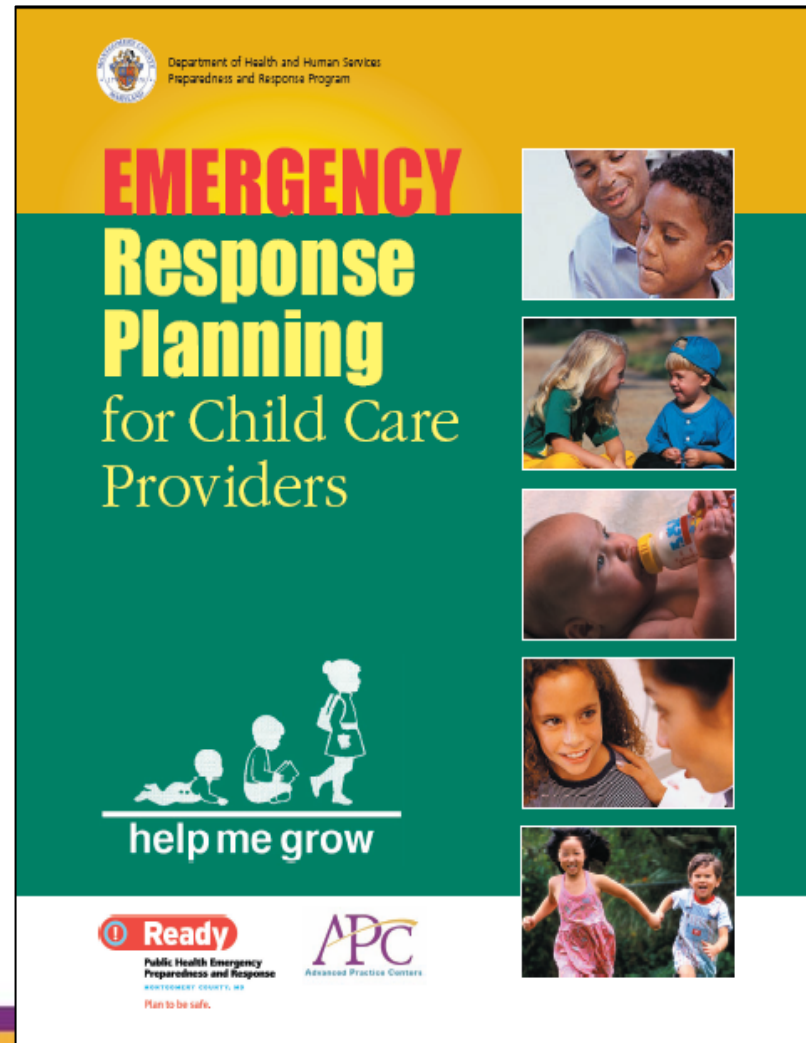

- Uses an existing network, a trusted source, to deliver health messages
- Provides strategies for promotoras to communicate with the Latino community on the topic of emergency preparedness and to continue to build/nurture the network

# Community Preparedness

- Function #4: Coordinate training or guidance to ensure community engagement in preparedness efforts

# Emergency Response Planning for Child Care Providers

- Collaborative tool with child care and public health
- Designed to plan and prepare child care providers for emergency events (including COOP) and to assist in the recovery effort by helping children cope with the traumatic event.
- A train-the-trainer guide is included.
- Updated version available in September 2012

# Emergency Response Planning for Child Care Providers

Task 2: Promote training to community partners that may have a supporting role in public health, medical, and mental/behavioral health sectors (e.g., education, child care, juvenile justice, child welfare, and congregate child care settings)

Addresses resource element P1

- Provides training templates on emergency response planning, pandemic flu, continuity of operations, and helping children cope with traumatic events
- Provides an *Emergency Preparedness Response Manual* template for child care providers
